

Presenting a Free Half-Day Workshop:

MVPP/C Informational Workshop

1 Who Should Attend . . .

This workshop is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 Why You Need This Workshop . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*). This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training, and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers' compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This workshop is for those companies who want to learn how to apply for Michigan Voluntary Protection Program (MVPP/C). This recognition program is designed especially for high performing worksites in both the general and construction industries with an exemplary history of safety and health diligence. Participants receive information regarding the benefits of participation in this program such as exemptions from programmed inspections and state/national recognition for organizational safety and health excellence. The application and review process is covered in detail along with the qualification requirements for acceptance in MVPP/C.

Agenda

*We offer a flexible
program agenda
to emphasize the
safety and health
topics you
want most.*

- ▶ Review of MVPP/C Requirements
- ▶ Injury and Illness Requirements for Participants
- ▶ Elements of an Effective Safety and Health Management System
- ▶ Application and On-site Review Process

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Doug Kimmel is Michigan's Voluntary Protection Program (MVPP) Specialist, with over 14 years of safety and health experience. His past positions include: Worker's Compensation Underwriter, Loss Prevention Consultant, and MIOSHA Safety Consultant.

Doug earned a B.S. (Business Management) degree from Ferris State University, is certified in Workers' Compensation Rating, and has successfully completed numerous safety and health training courses. During his time with MIOSHA, Doug has performed hazard surveys and conducted training at both individual companies and conferences. He has been a speaker at the Michigan Safety Conference and has developed original safety-training programs, which are shared with other safety consultants in the Division.

Doug acts as Team Leader on MVPP on-site reviews, which are performed throughout Michigan. He completes reports for the agency director, recommending the applicant's acceptance as an MVPP company.

Doug Kimmel

*MVPP Specialist/
Sr. Occupational Safety Consultant
MIOSHA, CET Division*
